Actions to be Taken to Reach This Goal ¹ Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing, and Professional Development)	Start Date ² Completion Date	Proposed Expenditures	Estimated Cost	Funding Source (itemize for each source)

Note: Centralized services may include the following direct services:

- Research-based instructional strategies, curriculum development, school climate, and data disaggregation for instructional staff
- District-wide staff providing specific services to schools, e.g., English Language Development Coordinator, Teachers on Special Assignment, Instructional Coaches
- After-School and Summer School programs funded by categorical programs
- Data analysis services, software, and training for assessment of student progress

Centralized services do not include administrative costs.

Please duplicate this form as necessary.

¹ See Appendix A: Chart of Legal Specifics for the Single Plan for Student Achievement for content required by each program or funding source supporting this goal.

² List the date an action will be taken, or will begin, and the date it will be completed.

Form C: Programs Included in this Plan

Check the box for each state and federal program in which the school participates. Enter the amounts allocated for each program in which the school participates and, if applicable, check the box indicating that the program's funds are being consolidated as part of operating a schoolwide program (SWP). The plan must describe the activities to be conducted at the school for each of the state and federal programs in which the school participates. The totals on these pages should match the cost estimates in Form A and the school's allocation from the ConApp.

Note: For many of the funding sources listed below, school districts may be exercising Categorical Program Provisions options (flexibility) with information available at <http://www.cde.ca.gov/fg/ac/co/documents/sbx34budgetflex.doc>.

Of the four following options, please select the one that describes this school site:

- This site operates as a targeted assistance school (TAS), not as a schoolwide program (SWP).
- This site operates a SWP but does not consolidate its funds as part of operating a SWP.
- This site operates a SWP and consolidates only applicable federal funds as part of operating a SWP.
- This site operates a SWP and consolidates all applicable funds as part of operating a SWP.

Form F: Budget Planning Tool –Version 2.2 (revised)

The SPSA Budget Planning Tool has been redesigned to be simpler to use while remaining flexible and informative. The tool has been designed to provide those involved in school planning with a way to compare the costs of their estimated goal expenditures to funding source fiscal year allocations. The aim in providing this tool is to assist school planners in making effective and informed decisions as to the use of their funds. Form F (XLS; Aug-2014) is available for download at <http://www.cde.ca.gov/nclb/sr/le/singleplan.asp>.

System Requirements:

A computer running spreadsheet software with the ability to use Macro-Enabled Microsoft Excel 1997–2003 worksheets is required.

Instructions for Use

Opening the Budget Planning Workbook for the First Time

To ensure that the SPSA Budget Planning Tool operates correctly, follow these steps when opening the file:

1. Open the SPSA Budget Planning Tool. A dialogue box should appear that will ask the user if they want to enable editing. Select 'Yes' to enable editing.
2. Enable macros. A Security Warning dialogue box should appear asking if the user wants to enable macros. This warning may alternately appear as a yellow security warning bar across the top of the workbook. Select 'Enable Macros' and then save the document.
3. Maximize the workbook so that the page tabs show along the bottom of the workbook.

Setting-up School Information

To set the school information in the tool, follow these steps:

1. Select the 'SPSABudget' sheet tab at the bottom of the workbook.
2. Select the 'Add School Information' button to input school information.
3. Enter the school name, the district name, the schools CDS code, the name of the school administrator, and the date of revision.

4. If the school is operating a schoolwide program (SWP) select the 'Operating Schoolwide Program' checkbox. Another checkbox will appear asking if you are consolidating funds as part of operating a SWP. If you are consolidating funds, select the checkbox. You will then be asked to select if you will be consolidating only federal funding sources or consolidating all funding sources.
5. Select 'OK' to continue, or select 'Cancel' to exit.

You may change school information at any time by selecting 'Add School Information' button. Each time the 'Add School Information' button is selected, the date of revision will reset to '1/1/2000', therefore you will need to update the date of revision each time changes are made to the school information.

For Schools Consolidating Funds as Part of a SWP

If the school is operating a SWP and is choosing to consolidate funds a funding source titled 'Consolidated SWP Funds' will appear on the 'SPSABudget' sheet. Any funding sources that are consolidated as part of the SWP will be added into the 'Consolidated SWP Funds' funding source. In addition, a new sheet named 'Consolidated SWP Funds' will appear in the workbook. By going to the 'Consolidated SWP Funds' sheet you will be able to see a list of all the funding sources that have been consolidated in the SWP, their initial fiscal year allocations, and the total fiscal year allocation of all the funding sources that have been consolidated.

Adding a New Funding Source

By default, the first funding source listed in the 'Funding Sources' column is 'Title I'. It has a default allocation of '\$0.00'. To edit either the name of the funding source and/or the allocation amount, select the 'Edit a Funding Source' button and skip to step three below.

To add a new funding source to the list, follow these steps:

1. From the 'SPSABudget' sheet, select the 'Add a Funding Source' button.

If you are operating a SWP and consolidating funds another box will open asking if the funding source is federal, state, or local. Select the appropriate option to continue.
4. Select 'OK' to add the funding source to your list, or select 'Cancel' to exit.

Be sure that the centralized services described in Form B of the SPSA document match any centralized services entered into the Budget Planning Tool.

For Schools Consolidating Funds as Part of a SWP

If the funding source is being consolidated as part of a SWP, it will not appear in the funding sources column on the 'SPSABudget' sheet. 3. Enter a description of one of the proposed expenditures for this goal. Double-select on a cell in the 'Description of expenditures for implementing this Goal' column and enter the description.
4. Select the budget category (or code) for the proposed expenditure. Select a cell to activate the dropdown menu. Use the scroll bar to scroll through the selections in the dropdown menu and select on a budget category (or code) to select the budget description (or code) for the proposed expenditure. The corresponding code (or budget description) will appear automatically in the adjoining cell.
5. Enter the funding source for the proposed expenditure. In the 'Funding Source' row, select a cell to activate the dropdown menu. Use the scroll bar to scroll through the selections and select on a funding source in the dropdown menu to select it. 2. A running total of the remaining fiscal year allocation for each funding source.

These totals will automatically update each time that you return to that goal sheet.

The 'SPSABudget' worksheet keeps running totals of:

1. The total estimated expenditures for each funding source across all goals;
2. The remaining balance for each funding source; and
3. The total of the estimated expenditures assigned to each budget or resource code from across all goal sheets.

These totals will automatically update each time that you return to the 'SPSABudget' sheet.

Form G: Single Plan for Student Achievement Annual Evaluation

Pursuant to California *Education Code* Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans.

Annual evaluation by the SSC and local educational agency (LEA) is a critical part of the continuous cycle of improvement for a school. Furthermore, it is an integral component of the Compensatory Education (CE) Federal Program Monitoring (FPM) review process for Single Plan for Student Achievements (SPSAs). During an FPM review, the SSC and LEA must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

The SPSA annual evaluation may be a summary description of the school's progress toward implementation of the strategies and actions in the SPSA. The report may also include a data analysis of the school's progress towards its student achievement goals based on local, state, or national assessment data.

During the evaluation process, it is important for the SSC and LEA to exercise caution about jumping to conclusions about the effectiveness or non-effectiveness of specific activities and programs without examining the underlying causes. The SSC and LEA should consider all relevant factors when evaluating the plan, such as the degree of implementation, student enrollment changes, and health and safety issues.
