Dear Parent or Guardian:

The Healthy School Act of 2000 was signed into law in September 2000 and requires that all California school districts provide parents or guardians of students with annual written notification of expected pesticide use on school sites for the upcoming school year. The following list identifies the active ingredient or ingredients in each pesticide/herbicide/insecticide product used at the Siskiyou Early Childhood Education Center, 1 Child’s Way, Yreka, California.

<u>Product Name</u>	<u>Active Ingredient(s)</u>	<u>Reason for Use</u>
Roundup	Glyphosate	Weed Control
Wasp Freeze	Allethrin, Phenothrin	Wasp Control
Ant/Roach/Spider Killer	Cyfluthrin	Insect Control

Please complete the form below to indicate your notification request and return to our office before school begins.

Additional information on pesticides and their alternatives can be found at <http://www.cdpr.ca.gov/>. If you have questions, please contact Leroy Shipley, Supervisor of Maintenance and Operations, 530-842-8420.

Sincerely,

Deborah Y. Pendley, Associate Superintendent
Business Services

Request for Individual Pesticide Application Notification

I understand that upon request, the school district is required to supply information about individual pesticide applications at least 72 hours prior to application.

- I do not need to be notified before an application of the above mentioned products.
- I would like to be notified before each application by: Phone E-mail

Student Name: _____ Parent/Guardian Name: _____

Mailing Address: _____

Day Phone: _____ Evening Phone: _____

E-mail Address: _____

Parent/Guardian Signature: _____ Date: _____
