

Center School District

(Bogus Area)

The Center School District was established in 1891. The school house was located three and half miles up the Copco Road from the junction (Ager) of the Montague –Klamath River Road and the Copco Road. The site was on a flat on the right side of the road. No remains of the school house are left.

During the 1899-1900 school year, Miss Clara Hetchell was the teacher. The term was seven and half months long. There were 23 pupils. The last teacher (1920-21) was Annie F. Elder. There were eight pupils that year.

The district lapsed in 1922 and the territory was annexed to the Lowood, Willow Creek and the Bogus School Districts.

Reference in board of Supervisors minutes:
