

## **Meridian School District**

The Meridian District was formed in 1914. The first teacher was Irene Bendle and school was held for a six month term. The school house was located seven miles south of Dorris (on Meridian Road) and approximately two miles east of May Siding (see May District). The district was so named because the school house was located directly on the Mt. Diablo Meridian. The original school lot is now a farmland and no remains of the school house can be found.
