

Secret Spring School District

The Secret Spring School District was established in 1891. The school house was located 13 miles west of Dorris and six miles north of the Sam's Neck road. Although no clear record can be found as to what happened to this district, it "lapsed to the original district" in 1920, and was probably joined with Spring District. No trace of the school house remains.

In 1899, Miss Lottie Wheeler was the teacher with 29 pupils for an eight month term.
